THESE DOCKS are conveniently situated in Yokohama harbour and the attention of
Captains and Engineers is respectfully called to the advantages offered for Dock-
ing and repairing Vessels and Machinery of every description.

The plant and tools are of recent patterns for dealing quickly and cheaply with work,
and a large stock of material is always at hand, (plates and angles all being tested by
Lloyd's surveyors).

Two powerful Twin Screw Towboats are available for taking Vessels in or out of
Dock, and for taking Sailing Vessels in or out of the bay. The floating derrick is capable
of lifting 35 tons.

Steam Launches of Steel or Wood, Lighters, Steel Buildings and Roofs, Bridge
Work, and all kinds of Machinery are made on the premises.

Tenders will be made up when required and the workmanship and material will be
guaranteed.

The cost of Docking, and repair work, will be found to compare favourably with that
of any port in the world.

Lane Crawford and Company of sup. lying fresh water to ships and vessels in the Harbour of Hongkong, and that the provisional agreement for the purpose submitted to this Meeting be and is hereby approved and that the Manager and Consulting Committee of this Company be and they are hereby authorised to adopt and ratify the said agreement and to carry the same into effect and to affix the Common Seal of this Company thereto with full power to assert to any modifications in the agreement which they may think expedient in the interests of this Company either before or after the adoption thereof, and that if the said agreement becomes absolute the Consulting Committee be and they are hereby empowered to increase the Capital of this Company to \$150,000 by the creation of 75,000 new shares of 10/- each to be issued as fully paid up shares and to be allotted to Messrs. Lane, Crawford and Company in consideration of the sale by them to the Company of their business of supplying fresh water to ships and vessels in the Harbour of Hongkong.

2. That the Articles of Association be altered in the following manner:-

The following article shall be substituted for Article 63, namely:-

63. Joseph Whiteley Kew shall be the Manager of the business of the Company and shall be entitled to hold office for the term of five years from the 1st day of October, 1904, and he shall have the option at the expiration of the said term of five years of being the Manager of the business of the said Company for a further period of five years provided he exercises his said option in writing not less than six months prior to the expiration of the said first term of five years. During the said term of five years and the further term of five years the said Joseph Whiteley Kew may resign at any time upon giving to the Consulting Committee six calendar months' previous notice in writing of his intention so to do. The said Joseph Whiteley Kew shall once during the said term of five years and once during the further term of five years (if he shall then be Manager of the business of the Company) be entitled to leave of absence for a period of six calendar months. The said Joseph Whiteley Kew while holding the said office shall (save as aforesaid) reside in Hongkong.

The following article shall be substituted for article 66, namely:-

66. As remuneration for his services the said Joseph Whiteley Kew shall be paid by the Company a salary of \$500 per month payable on the last day of every month and he shall further be paid a yearly bonus of two and a half per cent on the net profit of the Company as shown and declared by the Company's annual balance sheet. The said Joseph Whiteley Kew shall be entitled to his said remuneration whilst on leave of absence. As remuneration for their services all subsequent Managers shall be paid such a salary as the Consulting Committee or the Company in General Meeting shall determine. Every Manager shall be re-imbursed out of the Company's funds all moneys properly expended by him on the Company's behalf.

The following article shall be substituted for article 76, namely:-

76. There shall be a Consulting Committee consisting of not less than two or more than four members of the Company. Alfred Holland Skelton, a member of the firm of Lane, Crawford and Company, or in case of his death or absence from Hongkong one of the members of the firm of Lane, Crawford and Company for the time being, shall be a permanent member of the Consulting Committee and shall be entitled to retain office so long as Messrs. Lane, Crawford and Company holds not less than 10,000 shares in the Company.

It shall be for the Company in General Meeting to determine who shall be the remaining members for the time being of the Consulting Committee and they shall be appointed once in every year by the Company in General Meeting.

Article 82 shall be cancelled.

The remaining articles 83 to 123 be re-numbered 82 to 122 for reference accordingly.

In article 81 (or as re-numbered 82) the words "The sum of \$500 each per annum whilst holding office" shall be substituted for the words "Shall not exceed \$750 per annum" to be divided between the several managers "thereof in such manner as they shall agree upon."

ROYAL AERATED WATERS MANUFACTORY.

PRODUCE the highest CLASS AERATED WATERS in the Far East on account of their High Class Machinery and also of the superior ingredients they use in the manufacture of their goods, and the cleanliness, &c., are all under strict supervision of Europeans only.

REPORT OF AN EXPERT.

The representative of Messrs. BRATBY & HINCHLIFFE, LIMITED, Aerated Water Engineers and Chemists, Manchester, visited our factory recently in the course of a tour amongst Eastern Aerated Water Makers, and was greatly surprised at the compactness of our factory and also the methodical way in which everything pertaining to the making of Aerated Waters was carried out. He also expressed himself strongly on the absolute cleanliness of our whole establishment, which he assured us was equal to any he had yet visited and superior to a great many. He also reported that the quality of our goods was of a first class nature, and they showed that scrupulous care was exercised in the course of their manufacture.

OSAKA SHOSEN KAISHA

Following is the Thirty-Eighth Report of The Osaka Shosen Kaisha (The Osaka Mercantile Steamship Company Limited) presented to the Shareholders at the half-yearly ordinary general meeting, held at Osaka, on 22nd July:-

Gentlemen:-The directors have pleasure in submitting to you the annexed statement of accounts for the half-year ending 30th June, 1904.

As you aware, the past half-year has been an exceptional one. A large number of the company's steamers have been placed under Government charter, on account of the outbreak of the present war, and to replace them we have had to charter very many steamers in order to maintain without cessation all the company's regular services.

Such charter money amounted to Yen 752,971, which caused Yen 937,019 excess in expenditure during this term, but notwithstanding this, the directors are pleased to be able to report that the result of the half-year's working shows a considerable increase, say:-Yen 4,427,554 during this term, being Yen 1,54,274 more than that of last term.

In accordance with the Article No. 5 of the Articles of Association of the company as revised in January of 1900, viz., to increase 5,500,000 yen, to the present capital of 5,500,000 yen raising it to 11,000,000 yen, on the condition that the time of issuing new shares is to be decided by further confirmation at the next general meeting, we now propose that owing to favourable state of the present financial market, the scheme be at once carried out, on condition that application for the new shares to close on the 15th October next, and the first instalment for the same to be made before the 1st November next.

The gross profits of the company for the past half year amount to Yen 1,027,772 out of which there have been paid:-

Reserve fund for underwriting ships ... 169,000
Reserve fund for repairing ships ... 224,000
Repair for deterioration in ships ... 188,000

Yen 581,000

leaving a balance of Yen 466,772 including Yen 287,060 brought forward from the last account for appropriation.

The directors now propose that Yen 22,500 be added to the reserve fund, raising it to Yen 280,100 and Yen 22,500 be allowed as directors' and auditors' fees.

From the remainder the directors recommend a dividend at the rate of ten per cent (10%) per annum, which absorb Yen 275,000. The balance Yen 408,833 will be carried to the next account.

GIRLS WHO ARE TOO PRETTY

There are many honourable callings (says the London Daily Chronicle) in which good looks bring their owners a distinct advantage. It is where women are themselves the employers that the plaid young person scores.

The pretty governess is a greater favourite in fiction than in reality. Enquiries at the best-known Registries show that she has few patrons.

"Don't send me a good-looking girl, as I have unmarried sons," write some ladies, quite frankly. And whether they openly state their preferences or not, the irrefutable fact remains that the plain are chosen and the pretty left.

All the same, few women would not, for themselves, prefer to be good-looking, and in reality.

THE DRAWBACKS OF BEAUTY

are far less than is here implied. It is the pretty girl who gets on in the world-the girl with bright eyes, red lips, and cheeks like a spring rose. It is the pretty girl who marries first, and for good reason. Beauty is the mark of health. It is wonderful what a difference a little new blood makes to a woman. The pale, tired, anemic girl who sets her health in order with Dr. Williams' pink pills for pale people often discovers, to her own surprise, that she has become pretty as well as strong after a little while. Many a flower is

BORN TO BLUSH UNSEEN many a girl is pretty without knowing it. The vitality and colour given by the new blood these pills make is capable of working a marvellous transformation. Consider, for example, the case of Miss Stone, of Higher-street, Cullumpton. About eighteen months ago, she was a pale, listless girl, thin, anemic, languid, always tired. Her lips had become white; she was like a walking ghost. This is her own mother's description of her.

"Her father and I," Mrs. Stone continued, "determined to try what Dr. Williams' pink pills for pale people would do for her. To our great surprise and joy she showed signs of returning vigour after she had taken the pills but a few days." This young lady's own words confirm all that her parents say. "My appetite improved very rapidly," she said, "and I felt much better after a few doses. My colour soon came back, and after taking two or three bottles I felt as well as ever, and was able to cycle, an exercise which I much enjoy, but which I had had to give up owing to my weakness. Within two or three months I was quite robust again."

ANEMIA, OR "TOO LITTLE BLOOD."-To be anemic is not only one of the most uncomfortable states of ill-health, causing pale lips, dull, bloodshot eyes, Headache, Indigestion, breathlessness, and utter want of energy and strength, but it is also very dangerous. Those who are anemic easily catch cold, and are on the high road to Consumption. Purgatives only make them worse. Anemia is not cured by trying to get rid of the biliousness and sick headaches which it causes; New Blood is needed. Purgatives impoverish the blood, Dr. Williams' Pink Pills for Pale People make new blood. That is how they have cured not only Anemia, but also Consumption, Decline, Biliousness, Indigestion, Kidney Disease, Fits, Eczema, and other skin troubles, St. Vitus' Dance, Paralysis, and Locomotor Ataxia. Rheumatism is not due to poor, but it is due to bad blood-blood that is impure and charged with lactic acid. Dr. Williams' Pink Pills have cured more cases of Rheumatism than of any other disease, except Anemia. For women they have proved of unrivalled value, giving regular, comfortable health. The genuine pills bear the full name (seven words), Dr. WILLIAMS' PINK PILLS FOR PALE PEOPLE, and may be had of medicine shops, or post free for 2s. 9d. (six bottles 13s. 9d.), from Dr. Williams' Medicine Company, 110-born-viaduct, London.

Mr. J. Hays, solicitor, of Messrs. Johnson, Stokes and Master, was engaged for the defence. However, the accused pleaded guilty, and was fined \$200.

THE skin of a huge snake killed while eating a deer in the Tytan district on Friday last, as well as that of the deer, are now in the possession of Sergeant D. McHardy at Stanley Island. The skin of the deer, although the animal was fully grown, is in perfect condition, but unfortunately the head of the latter was battered out of all shape, and is useless, therefore, for preservation purposes.

It is stated that the s.s. Yingling made the excursion trip to Macao and back yesterday with two of her propeller blades broken. The steamer will be docked for repairs to the propeller.

A PETITION is being signed in the Colony praying for the release of Albert Marshall who, nearly three years ago, was sentenced to four years' hard labour for shooting with intent to murder.

P.C. DAVID BERRIE, of Tsimtsai police district, objects to being classed as one of the naval invalids, who came out from home with the last batch of men for service in the police department.

H.E. TAOAI Chang, from Canton, has arrived at Zenker and gone on to Peking. A special car was put at his disposal by the Railway authorities. A number of officials assembled at the station to pay their respects.

DURING the week ended at noon on Saturday there were four cases of plague, bringing the total since the beginning of the year to 503, of which 485 were fatal. Other cases of communicable diseases during the week were one of diphtheria and one of small-pox.

THE British Consul at Bangkok has notified the Colonial Secretary of the revocation of the regulation respecting plague and the revival of the regulations published under Government Notification 612 of 1903 substituting inspection at Paknam for quarantine at Kolophai.

CONSUL-General Bragg did not receive a cablegram announcing the death of Admiral Taylor, U.S.N., as stated by our junior morning contemporary in their introduction to the obituary notice clipped from our issue of Saturday. The intelligence was received through the post.

THE small game season having begun it is observed that the favourite shooting grounds in the neighbourhood of Macao are being visited by leading "sports" from Hongkong. The Hon. F. H. May, C.M.G., in company with another Hongkong gentleman, is one of the early visitors. Our Colonial Secretary went, across by the s.s. Heungshan on Saturday and returned to Hongkong this morning.

Two soldiers from the German gunboat Illia, and two from the German s.s. Albenza, were placed before Mr. E. D. C. Wolfe, this morning, charged with disorderly conduct, creating a disturbance and assaulting the police, and two soldiers who went to his assistance outside the Globe Hotel, last night. The first man was fined \$60, and the others \$25 each, and \$3 to be paid as compensation for the policeman's damaged uniform.

THE representative of the French firm of electrical engineers, who were allotted the tender for the electric lighting of the city of Macao, returned to the colony on Friday last. The purpose of his mission is to ratify certain stipulations in the contract under which the lighting of the city will be carried out in future. Incidentally it might be stated that the Macao Hotel, which can boast of an installation all its own, is most efficiently lighted.

TWO local sportsmen were out holiday-making, in the New Territory yesterday, and were looking for anything, permissible, to shoot. Seeing two birds rise one of the men shot at them, bringing them both down, when it was discovered his "bag" consisted of two white parrots! This is believed to be quite a unique find in that locality. The birds were large and full-grown, and the under-downy feathers were of a pale pinkish colour, such as are common in South Africa.

THE Catholic Union closed their bathing season with a picnic to Castle Peak yesterday. There were over 30 members present and every one was pleased with the outing. At 3.45 p.m. the party left Castle Peak for Stonecutters Island where aquatic sports were held and which provided much enjoyment. There were four events in the programme, including an event for beginners and a Tea Race when some good swimming was witnessed. The party arrived at Blake Pier at 7.15 p.m.

"THE six men who were charged with riotous conduct at Lamma Island, and with resisting the police, under circumstances already reported in these columns, were again before Mr. Kemp, on remand, when evidence was adduced from the Land Court proving that the house, the subject matter of the trouble, was the property of the present occupant's daughter. The rioters were fined, the first \$30, the second \$10, and the other four \$5 each, and were bound over, on the personal recognisance, in the sum of \$100 each, to be of good behaviour for six months. Inspector Williamson very creditably conducted the prosecution.

ON Saturday afternoon an excise officer stopped a suspicious looking character in Central district, and told him he would search him for illicit opium. The man had no objection to being searched, but a coolie carrying some oil, passing at the time, called out to the man not to let the excise officer search him. The latter thereupon told the coolie to mind his own business, or perhaps he would be searched too. The coolie then put down his oil-lantern, and seizing his bamboo carrying pole, battered the excise officer over the legs with the latter had to shout for assistance, and had the coolie arrested. The latter was this morning fined \$10 for the assault, and interfering with an excise officer in the execution of his duty.

HONGKONG RESIDENT ROBBED.

AT MACAO.

A case of smart recovery of stolen property occurred at Macao yesterday and speaks much for the excellence of the Chinese detective branch of the secret service there. Shortly after 5.0 in the morning a servant in the employ of Mr. A. S. Tuxford, who has a temporary residence at No. 31, Praia Grande at Macao, had occasion to leave the main door open while the entrance and hall were being swept. Unperceived a Chinaman gained admittance into the house. Before the intruder left the premises he possessed himself of Mr. Tuxford's watch which was lying on a table in his office beside a bag with about \$50 in subsidiary coins collected by his gentleman the previous evening. Strange to say, the thief did not touch the contents of the bag, but made away with the watch. Shortly after six o'clock Mr. Tuxford discovered that the time-keeper had gone, and after fruitless search on the premises he reported the robbery to a municipal police officer on duty on the quay. He was told to report the matter at the police department; but being a stranger in the place Mr. Tuxford called at the Government Offices in the Fazeada and reported the theft to the guard there, when he was told that nothing could be done since, being a Sunday, the detective force were supposed to be off duty. Whether the information imparted was correct or not, Mr. Tuxford could not ascertain. He, nevertheless, asked that his ricksha coolie be directed to the chief of the Chinese secret service. This was done. On the official being informed of Mr. Tuxford's loss, he promised to attend to the matter at once, which he did with commendable promptitude. The watch was found and restored to its owner before nine o'clock the same morning, within three hours of the reported loss of the stolen article.

VOLUNTEER RESERVE ASSOCIATION

FORTHCOMING MEETING.

His Excellency the Governor invites those gentlemen who have sent in their names for the Hongkong Volunteer Reserve Association, and any others who take an interest in the formation of the Association, to meet him in the City Hall on Friday, the 23rd instant, at 5.30 p.m. to further discuss the matter.

THE CRIMINAL SESSIONS.

The September Criminal Sessions opened this morning, the Chief Justice, (Sir H. S. Berkeley) presiding.

DISHONEST EMPLOYEE.

The Attorney General prosecuted a man named Su Sang for forging a receipt and uttering the same. It seemed that the prisoner was the buyer for a vegetable shop in Shaokwan, and bought certain goods from a stall in the Central Market for twenty-one taels. His receipt book was chopped in the ordinary way, but when he returned to Shaokwan he entered and uttered the receipt upon his employer for five taels more. Prisoner, who was undefended, was sentenced to 18 months' imprisonment with hard labour. His Lordship, in passing sentence, said the amount in question was trivial, but the offence was a very grave one, in any commercial community.

BURGLARY WITH VIOLENCE.

Messrs. A. B. Bridger, V. J. Stabb, E. H. Smith, H. F. Campbell, J. T. Dixon, W. Wedekind and N. K. Davidson were empanelled to try a gaunt, bony Chinaman, named Yau Shan, who was arraigned for burglary with violence at Hunghom on the 18th ultimo.

The Hon. the Attorney General, in opening the case, stated that on the night in question, four men armed with firearms, swords, hatchets, and other rude weapons, broke into the premises of the prosecutor, who is a grocer. They burst open the front door and proceeded to ransack the premises. The proprietor and an old woman sleeping in the shop were blindfolded, gagged and severely beaten. A hundred dollars in money, a quantity of clothing, some jewellery, and various other articles were stolen. The desperadoes got away, but the prisoner was detected two days later selling some of the stolen property. He was immediately arrested, and on a search being made of his house, various other articles were found and identified as the property of the prosecutor. He was subsequently placed in a row with ten other Chinese at the Central Police Station, and unhesitatingly picked out by the inmates of the house as being one of the ringleaders of the gang.

One of the witnesses, a widow, was rudely seized by the robbers, who demanded money. She said: "A widow has no money." One of the men then said: "If you have no money, you shall be stabbed with seven stabs." Prisoner was one of the men who held, tied and gagged her. She was very much bruised. Twelve months' hard labour.

THE LAPPA COMMISSIONER SHIP.

Mr. J. F. Olsen, the commissioner of the Chinese Imperial Maritime Customs at Lappa, with headquarters at Macao, is shortly to surrender the post, on his transference to another station, to his successor, a French gentleman nominated to take Mr. Olsen's place. The latter gentleman succeeded ex-Commissioner W. N. Morehouse on his retirement but a few months ago. During the short period Mr. Olsen has held office at Macao he has made himself extremely popular and, we believe, he leaves the station with regret. Mr. Olsen was formerly at Saigon.

BRITISH VICE-CONSULATE

AT MACAO.

As a result of the protest against the Commissioner of the Lappa Customs holding at Macao the post of Vice-Consul for Great Britain at the same time as he retains the appointment of Commissioner in the Chinese Imperial Maritime Customs, Mr. Allen, a student cadet in the British Colonial Civil Service, will act for Mr. F. O. Seaton during the latter's absence on leave. It might be mentioned that Mr. Allen has already acted in that capacity during Mr. Seaton's absence in May last. Mr. Allen has taken up his residence at the British Vice-Consulate in the Portuguese Settlement.

ENREZZLEMENTS

FROM THE OPIUM FARMER.

Three accountants in the employ of the Opium Farmer, and stationed at the branch offices at Kowloon, West Point, and Queen's Road, Central, were this morning placed before Mr. E. D. C. Wolfe, charged with embezzlement, the first of \$115, the second of \$94, and the third of \$382. They all admitted the charges, and were sentenced to terms of imprisonment of three, two, and five months respectively, the third man having three hours' strokes added to his sentence. It appeared that this man, to cover up his defalcations, had prepared some small rolls of lead, of the size and length of \$5 worth of 10-cent pieces, and these he rolled up with a 10-cent piece at each end, and laid in the cash box, to represent rolls of \$5 each. But the book-keeper was not satisfied with merely opening the ends of the rolls; he opened up one roll, and made the startling discovery that instead of its containing \$5 in 10-cent pieces, it only contained 20 cents, and a bar of lead. Hence the general examination and charges. Inspector Gourlay was in charge of the case.

MARINE COURT.

THE S.S. "KONG NAM."

At the Marine Court this morning, the Hon. L. A. W. Barnes-Lawrence, Harbour Master, investigated a charge brought against Capt. William Angus, late master of the s.s. Kong Nam, running on the West River, for failing to report to the Harbour Master the damage, affecting the seaworthiness and efficiency of his vessel, sustained by her, on her arrival in this harbour on the 9th inst., as required by sub-section 24, section 10 of Ordinance 10 of 1899.

Mr. E. Jones, hearing officer, stated that on the 15th inst., he boarded the s.s. Kong Nam, having heard her shaft was broken, though no report had been made of the circumstances. Learning that the master had been discharged, he asked the owners to send in a report, which was done by them.

Captain Angus said he forgot to make a report of the occurrence. The accident occurred on the West River, and his vessel was towed to Hongkong by Messrs. Butterfield and Swire's s.s. Tak Hing. The accident was not written up in the log-book. Witness intended to have had it written up by the mate. He had been over three months in command of the Kongnam, and had never written up the log-book. He was discharged from the ship.

In summing up, the Hon. Barnes-Lawrence said: "Had I known before this inquiry that other acts of misconduct or incompetency, under whichever name they come, would have been brought to light, such as this infringement of the Mercantile Marine Shipping Law, and that you had not kept an official log, I should have asked for a Marine Court to determine whether your Master's certificate should not have been dealt with. As it is, I have no option but to deal with your offence on its own merits. For not reporting the casualty to your vessel, I sentence you to a fine of \$50, or in default 7 days' imprisonment."

LAUNCHES IN COLLISION.

An enquiry was held this afternoon into the collision that took place on the 15th inst. off Blake Pier, between the launches Bismark I and the Chung Lee. The coxswain of the Bismark I stated that about 6 p.m. on the 15th inst. he left Blake Pier, going westward, when he saw the launch Chung Lee about 100 yards away on his starboard bow. He gave 2 blasts of his whistle, intending to indicate that he was going across the latter's starboard bow. A third launch, near-by, also gave two blasts on her whistle. The third passed and then he again saw the Chung Lee, and half a minute after they collided. Witness showed the position of the three launches by means of models, but appeared somewhat hazy as to which was "port" and which "starboard." The Bismark I struck the Chung Lee on the starboard side, abeam of the funnel. After striking she went full speed astern. Until then she did not alter her course. The Marine Magistrate held that the Bismark I was entirely in fault, in not giving way, as in the relative positions of the launches he should have done. The certificate of the master was suspended for six weeks, to give him an opportunity to learn the "nautical Rule of the Road."

SANITARY BOARD.

At a meeting of the Sanitary Board to-morrow members will consider the reply from Government to the Board's recommendation that additional accommodation be provided at the "Wanchai" bath-house, also a minute by the Colonial Veterinary Surgeon reporting on the outbreak of infectious disease in the Kowloon Town Animal Depot, and the report of the public health officer on the "scavenging" of the Peak District.

ELEGRAM

THE WAR.

BOOY AT LIAOYANG.

HUGE HAUL.

Mr. M. Noma, Japanese Consul, forwards us the following official telegram:—

Tokio, 18th September, 6.50 p.m. In the official report of Marshal Oyama, it is stated that at Liaoyang, we captured enormous booty—more than was expected. The exact quantity is still under investigation, but the principal items dealt with up to the 17th instant, include 3,578 rifles and 1,638,730 rounds of ammunition for same, 10,036 shells, 129 ammunition-carts, 15,985 shovels, 5,639 ploughs, 2,570 axes, 3 flash signal instruments, 3 reflecting mirrors, 6 portable telephones, 12,915 tins of beef, 2,500 loaves (each 1 ft. 6 inches in diameter), 10,000 bushels of rice, 58,100 bushels of horse fodder, 5,000 bushels of flour, 6,400 overcoats, and also great numbers of light railway materials, instruments for coal-mining, telegraph and telephone wires, and kerosene. Thirteen non-commissioned officers and men were taken as prisoners.

LAND SALE.

This afternoon inland lot No. 1724, a plot of Crown Land, above Bowen Road, was let by auction, at the office of the Public Works Department, for a period of 75 years, commencing from the 9th of April 1901. There was no competition, and the lot was knocked down to Mr. A. Rennie, for \$100, or \$20 above upset price. The other lot advertised was withdrawn for the present.

LEGISLATIVE COUNCIL.

A meeting of the Legislative Council will be held at the Council Chamber on Thursday, the 22nd inst., at 2.15 p.m.

The officers and crew of the *Lena* will remain in the United States en route.

Birth of an Italian Prince.

The Queen of Italy has given birth to a son, the infant is named Humbert Prince of Piedmont.

The War.

General Kuropatkin wires, that there had been no fighting on the 14th. A strong Japanese advance guard has advanced five miles north of Yantai station.

General Stossel wires that the Japanese have reinforced the west front at Port Arthur and continue the bombardment. "Our losses are insignificant."

General Kuropatkin officially protests against Marshal Oyama's statement that the Japanese have captured quantities of Russian spoil at Liaoyang; he asseverates that only the railway trucks were obtained; he emphatically denies that the Russians have used Dum-Dum bullets.

Full despatches from both sides now enable the public to form a more just appreciation of the stupendous struggle at Liaoyang and its results than was possible from earlier reports. The non-fulfilment of the positive anticipations of the complete cutting off of General Kuropatkin, coupled with his successful retreat, has checked the trend of public sentiment in England, of which the fall in Japanese stocks, and the rise in Russians are clear indications.

The Russian auxiliary cruiser *Korea* has been reported by Vancouver.

Contraband of War.

Reuter's St. Petersburg correspondent wires that the Russian decision re contraband of war has been communicated to the British and American Embassies. It is understood that it recognises the principle that provisions are not contraband of war when consigned to private parties, but only when they are Government military or naval stores.

The Russian Volunteer Cruisers.

Reuter's correspondent at Zanzibar wires, that the Russian Volunteer cruisers *Smolensk* and *Peterburg* sailed yesterday morning. The British cruiser *Fort*, who was watching, did not observe them pass between Zanzibar and main land; it is believed they may have gone south.

The Margit Drobil has arrived at Constantinople.

A Russian officer informed the captain that there were nine other cruisers in the vicinity.

U.S. Consular Service.

San Francisco, 15th September.
As a result of the investigation made by Herbert H. D. Pierce, third assistant secretary of State, in regard to the many charges of official misconduct made against Robert McWade, the U. S. consul-general at Canton, China, President Roosevelt has removed McWade from office.

A strong effort was made by McWade's friends in his behalf, but without effect.

The removal has met with general approval throughout the country.

It is stated that as a result of the representations made by Mr. Pierce other changes in the consular service in the Far East are likely to follow.

Criminal proceedings may be instituted against McWade.

NAVIGATION BETWEEN KWANG-SI AND INDO-CHINA.

A certain foreign Minister, it will be remembered, lately demanded of the Wai Wu Pu that the Sung Chi Kiang and Mumaho, on the borders between Kwangsi and Indo-China should be thrown open to navigation. The Wai Wu Pu at once telegraphed to the Governor of Kwangsi to make investigations into the matter, and subsequently Governor Ku wired back to the effect that, in the opinion of Teeng, Commander-in-Chief of the Kwangsi frontier defence guards, efforts should be made to resist the foreign Minister's demand, as compliance with it might threaten the success of the whole defence scheme, but if negotiations were necessary, they should be carried on by two officials, but to be appointed by each of the countries concerned. It is now learned that Viceroy Tsen of Canton has been ordered to appoint an official to carry out the desired negotiations, and that Ting Ching Yu, a graduate from abroad and formerly student of the Foochow Naval College, has been appointed to be the official. He will shortly proceed to Loong Chai, Kwangsi, where he will consult on the matter with Commander Teeng, in whose hands the main authority regarding the

VLADIVOSTOCK.

PROCLAMATION.

The Russian commander in chief at Vladivostock has issued the following notice:—

1.—As this port will soon be attacked by the Japanese, both from land and sea, it is necessary for all non-combatants, especially wives and children, to leave here before the bombardment takes place, for when that time comes, not only the railway will be interrupted but even carts will not be available; it will therefore be very dangerous to remain.

2.—If any non-combatants do not wish to go too far into the interior they will be allowed to shift their families to Li-jui-shih or I-mang. These places can be reached by train very cheaply, or the families may be taken to other districts if the cost of living is not too high for them.

3.—In case any non-combatants have real property here such as houses, shops or lands, then they are permitted to remain; but they must each make out a detailed list of foodstuffs and other provisions in their respective possession and present it to the chief commissariat officer for his information.

4.—If any fugitives have no such real property as above, they are hereby ordered immediately to devise means for their own safety and leave the port as soon as possible.

STRANGE OCCURRENCE AT SEA.

A Philadelphia dispatch of the 1st ult. says:—The British steamer *Mohican*, while making for the Delaware breakwater, has encountered a strange phenomenon. A cloud of phosphoric appearance enveloped the vessel and magnetized everything on board.

Capt. Urquhart says the vessel and crew had a fiery coating. When the sailors saw it they rushed at the needle and it was flying around like an electric fan.

"I ordered several of the crew to move iron chains that were lying on deck thinking to distract their attention. The sailors could not budge the chains although they did not weigh more than 75 pounds each. Everything was magnetized and chains, bolts, spikes and bars were as tight on the deck as if they had been riveted there."

"The cloud was so dense that it was impossible for the vessel to proceed."

"I could not see beyond the deck, and it appeared as if the world was a mass of glowing fire. The sailors fell on the decks and prayed."

"Suddenly the cloud began to lift. The phosphorescent glow of the ship and the crew began to fade. In a few minutes the cloud passed over and we saw it moving off over the sea."

TRADE WITH THE ORIENT.

There seems to be some difficulty attending the attempt to get up a meeting of representative commercial men of San Francisco to back up the recent action of the Pacific Mail Steamship Company in refusing to carry goods to the Orient from the port while it thought that the vessels of the corporation were in danger of seizure by Russian cruisers. Perhaps the apathy is due to the feeling that there is no further risk. It would seem that such is the case, for our business men must know that the Russians, for some time to come, will be too much occupied in saving their own craft from capture to meddle very much with neutral bottoms. It may also in part be owing to a perception of the fact that the State Department is attending to the business, and that it is not proper to put pressure upon the Government under such circumstances. Whatever the cause, our merchants do not seem to be much worried over the situation and their sorely might be irritated by the Pacific Mail Company, which may with safety carry freight to any port in the Orient provided, of course, that it is not contraband; and even in that event, while the Russian fleet is in its present scattered condition, risk is reduced to a minimum.

But while there is apparently little reason to apprehend further annoyance from the activity of Russian cruisers, there is much to be thought about and done in the matter of retaining the trade of Japan, Corea and Manchuria. It will be well for our merchants to develop an active interest in this subject, for the conclusion of the war is likely to be followed by some unlooked-for commercial developments in the Orient. These cannot be considered as entirely unforeseen, for predictions have been repeatedly made that the outcome of the present struggle will be the establishment of Japanese commercial supremacy in the Far East. The signs have all pointed to such a consummation. In the process of attaining this position the consequences will be disguised for some time. It is within the bounds of probability that our exports and those of Europe to Japan and the countries in which the war is taking place will be increased very rapidly for a while, but it is inevitable that in the near future the Far East will be emancipated from dependence upon the Western world for manufactured articles. It is for our merchants to consider this contingency and to ask themselves what we shall have to offer the people who are ambitious to emulate Great Britain, by making their islands the workshop of the Orient, when they have attained their object. This is likely to be a burning question in California when the subject of the rights of neutrals will have been laid aside and perhaps forgotten by most men.

S. C. FARNHAM, BOYD & CO., LTD.

THE PROPOSED SALE.

Mr. A. B. Robert writes as follows to the *Shanghai Mercury*, under date, the 14th inst., in regard to the circular having reference to the proposed sale of Messrs. S. C. Farnham, Boyd & Co.'s business:—

A private circular of the above mentioned company came to me yesterday which reads that there will be a new company to be formed and registered in London intending to purchase all the business and undertaking, to pay £12,105 in cash to each shareholder and sixteen fully paid-up shares of £1 in the new company, which means £13,105 for each share.

This is indeed good news to the shareholders, but after considering a little while, it seems to be a scheme on which I cannot hold my tongue. I must point out to all who are concerned.

If the new company intends to purchase all the shares at the value of £13,105, cash, it should pay the full value in cash, not only £12,105, as at present, and the balance to be given in new scrips.

In the resolutions to be passed I see that the whole property and business are to be sold to the new company and the present company is to be wound up voluntarily, etc. These words are all sound and true.

Now the new company will only pay £12,105. If compared with the present value of £16,105, there still leaves a difference of £3,105, so the property and business of the present company cannot be transferred to it, and meanwhile it is unnecessary to wind up the present one; such method of procedure has never occurred since the laws for establishing companies have been in force.

I presume, at present, the new company will only pay £12,105 in cash, but perhaps those buyers in London will secretly sell the scrip off at 2 or 3 fold higher price and, in future, nobody can know how many thousands of £1 shares may be allotted; all these are puzzles difficult to be solved.

As the circular says, as soon as the present company's sale is completed, the property and business shall be in the new company's hands, and the present company will have nothing to say.

In this case it looks same as the "Kaiping" shares, being sold a few years ago up in the north, but "Kaiping" does possess real property such as wharves in Chingwaniao and excellent coal mines in Tongshan, while Farnham has only a few docks in Shanghai; besides it is easy to find out how much business has been done and how much interest and dividend have been paid, by simply looking into the annual working accounts.

Now the new company will certainly increase the number of shares to infinity, I don't know how they will pay the dividends in future.

I guess that this scheme is put in by some one who is tricky and cunning, because at first glance, it appears fair and sounds sweet that the value of each share is £13,105, but in reality only to pay £12,105 for the present, yet the whole property, business and interest are fallen into his hand.

The extraordinary general meeting will be held on the 26th inst. as the circular says, and I expect that a majority of members will protest against such a scheme of proposing to sell off the whole concern; unless the new company will pay the full value of £13,105, all in cash or the new company can only pay £12,105 at present, for which amount receive the present company can only dispose of so many shares, to it, equivalent to such amount, but the property and business shall remain under the management of the present company.

THE V. R. C. AQUATIC SPORTS.

A SUCCESSFUL FINALE.

The "off-day," or official wind-up, of the V. R. C. aquatics, on Saturday, proved a most successful finale, to the annual swimming tournament, and the very varied programme was highly enjoyed by a large concourse of spectators. His Excellency the Governor (Sir Matthew Nathan, K.C.M.G.) and suite arrived early and followed the programme very keenly. It is interesting to note, in this connection, that the Governor, in addition to accepting the Presidency of the Club, has joined as an ordinary member, and it is expected that many others in high places will follow the example. We hope so, because the V. R. C. is *par excellence* the most social, sociable and cosmopolitan athletic organisation in the Colony. There is no distinction, and the only honour is membership—a pleasure to scores of toilers and brain-workers in the not too healthy offices of Hongkong. The pastetings were initiated by the long-looked-for tussle for the possession of the shield in the Water Polo Competition, and although there was much worthy sport, the game, as a whole, could not be compared with the polo on the third day "in original jurisdiction." The teams are given below, and if Jim Wicheil's string gained the mastery, we may reasonably congratulate the losing side, on putting up a big defence. In the first place, we should mention that the weather was anything but inviting, and the match commenced under the auspices of the most dismal drizzle. The climatic conditions, however, changed suddenly, and the remainder of the programme was carried out under the "personal direction" of Old Sol, in his best mood.

The "Greasy Pole" competition evoked the loudest laughter, but the issue was never in doubt, after Jim Wicheil placed his foot on the carefully soap-soaked pole. He plucked the flag at the end, and won easily. There were other competitors of considerable ability, but none able to "side walk" a way that the ordinary angel must perform. Speaking as plain spectators, we could not have risked a picket on a child. The Tub Race was a little lengthy, but nevertheless, provoked considerable merriment. Owing to the fact that only six tubs were available, the contest had to be divided into heats. Macdonald and C. Humphreys had the

misfortune to get tubs which sadly needed mauling, and although Humphreys won his first heat he was sadly out of it in the final. The brothers Wicheil simply waltzed home. Then came the real thing. It was a team race, one length, and various officials had to be rowed out to a temporary, and as it proved, frail staging to keep time, etc. But, who! The staging collapsed, and the industrious office-bearers, Mr. A. Humphreys and Mr. E. M. Hazledore, were precipitated into the angry waters of Kowloon Bay. Everybody laughed, where-as they should have been shocked. The melancholy subjects of this unheeded effect, tried to look pleasant on their return to the pontoon, but they presented such a woebegone appearance, that a stifled snigger, from the Pavilion had to be recorded. The way of the transgressor is hard. We are only referring to the man who built that bamboo stage. His reward awaits him, wherever it may be. The Obstacle Race was also replete with amusing features, but at the same time we cannot help remarking that the Club's boat most seriously hampered some of the contestants, particularly N. Alves, who had to make a detour which certainly put him out of Commission, Cooke annexed the prize, but he found E. Humphreys and J. W. Dains very tough in the competitive line. In the Consolation Race, Ribeiro secured the palm, but there was a dead heat for second between Lammett and P. M. dos Remedios. In the swim off, the last named won by half a length, or thereabouts.

At the conclusion of the sports, the company assembled, adjourned to the gymnasium of the Club, to witness the prize distribution. Mrs. Barnes-Lawrence, wife of the popular Harbour Master here, did the honours graciously. She met with a very cordial reception, on the introduction of Mr. A. Chapman, Chairman of the Club. In the course of a brief but *apropos* speech, Mr. Chapman referred to the wonderful progress made by the Club since its inception. To mark the close of that meeting, he said, he had to record the fact that the entries and the number of spectators who had witnessed the sports exceeded any previously announced figures in the annals of the Club. He was especially glad on behalf of the Club to welcome the ladies of Hongkong to their enclosure, and he hoped the day was not far distant, when the V.R.C. might include in their programmes a ladies' race. This announcement elicited much applause.

The proceedings terminated with the usual cheers: "Hip," "Hip," for Mrs. Lawrence ditto for the ladies of Hongkong and the hard-working, and seemingly never-tired, Hon. Sec., Mr. Harold C. Austen. Some of the presents, (particularly the Cups) were christened later in the evening. Details of the events are as follows:—

WATER POLO SHIELD FINAL.

The final of the Water Polo Shield competition was played off between "A" team V.R.C., and "B" team V.R.C.:—

"A" team: J. Wicheil (capt.), A. E. Alves, C. J. Cooke, H. C. Sayer, E. Humphreys, J. H. R. Hance, and C. E. A. Ellice (goal).

"B" team: N. H. Alves (capt.), A. V. Barros, A. J. V. Ribeiro, H. A. Lammett, C. M. S. Alves, Frank Jorge, and L. E. Lammett (goal).

THE WEI HAI WEI QUESTION.

Repeated conferences of a private nature have been held at the back hall of the Wai Wu Pu for the discussion of the important question of Weihaiwei, which was leased to Great Britain and is to remain in her hands so long as Port Arthur is Russian. Now, as the time appears to have come when Port Arthur is passing away from Russia, China claims that Weihaiwei be returned to her, but the British Minister entered an objection on the ground that China is not strong enough to protect Weihaiwei, and suggested that it might remain under the temporary control of Japan. The Wai Wu Pu, however, refused to take in the British Minister's suggestion, and was rather strong in pointing out the terms of the original agreement for the lease of Weihaiwei. But the British Minister upheld his suggestion, and so the question is still hanging in the balance. —*Return Times*.

THE SALE OF S.S. "CANTON"

An evident error appeared in our report of Saturday regarding the sale of the Indo-China S. N. Co.'s s.s. *Canton*. We have had our attention drawn to the fact that the steamer fetched more than "double" instead of more than "half" its book value. The mistake is a palpably evident one, and it is not difficult to discover that the mistake must have been apparent to our readers.

CRAIGENGOWER CRICKET CLUB.

[Following is the report presented to the members of this Club:—

The committee have much pleasure in submitting the report for the season 1903-04, which on the whole has been a successful one. Of the 14 League matches played, 8 were won, 1 lost and 5 drawn. Friendly matches were also arranged for those not in the first eleven whenever the ground was available and a club could be got to play. Since the inauguration of the League more interest has been taken in cricket at the Happy Valley. Mr. A. J. Bawa heads the batting average with 16.91 in 13 innings thus scoring the first win for the Bellifios Challenge Cup. Mr. E. R. Herton took 29 wickets at 6.43 a wicket.

Lawn Tennis.—During the off-season, great interest was taken in lawn tennis and a tournament was held which resulted as follows:—Singles (scratch) won by Mr. F. Kapp. (handicap) " Mr. R. Bana. Doubles (do) " Messrs. J. Uchigaki and J. L. Stuart.

On the 9th July last the members were "at Home" to their friends on the occasion of the distribution of prizes by Mrs. Broadwood, and a tennis match was played between Kowloon and Hongkong, resulting in a win for the former, who scored 45 games to the latter's 40.

Membership.—The roll of members now numbers 60.

Finance.—The total receipts amounted to \$1,180 and expenditure \$1,189 leaving a balance of \$136.11 in hand.

Gear.—The gear is in a fair condition and the fresh supply is expected to arrive in time for the opening of the coming season.

The thanks of the club are due to Mr. E. R. Bellifios, C.M.G., late of Hongkong, for offering to the club another trophy in the form of a silver challenge cup to be competed for on the same terms as the Shield presented by him in 1898 and which was won outright in the previous season (1902-03). The conditions are that the cup is to be won twice successively or three times in all, before becoming the property of the player at the top of the batting average in the club matches.

Our thanks are also due to the president for kindly donating prizes for batting and bowling.

A. E. ASGER,
Hon. Secretary.

ARQUEBUSADE WATER

OF THE
HERMITAGE OF THE MARIST BROTHERS;
OR IMPROVED VULNERARY LIQUOR.

Invigorating, Stimulating, Hygienic, Aromatic, of an acknowledged and quite exceptional efficacy.

The Arquebusade Water, known and appreciated throughout the greater part of France and abroad, justifies more and more the great fame it has acquired.

USE OF THE ARQUEBUSADE WATER.

INTERNALLY.—From two to three spoonfuls in a glass of cold water, pure or sweetened, after falls, bruises, cuts, fractures, luxation, tearing of tissues, faintings, burnings, rashes, plague and cholera. For the last two cases it must be taken pure, six spoonfuls at a time. Experience justifies its efficacy as a preventive remedy against mortification and quinsy. The dose may be repeated several times a day.

The same dose, in a glass of hot and sugared water, instantly removes the fatigue of either a journey or a walk, is a great appetizer and often prevents colds.

Taken in an infusion of melissa, hyssop, ground-ivy, or violets, it is an efficacious remedy against gripes, difficult digestion, pains in the stomach, &c.

Taken pure after meals it is salutary to old people by warming their stomach, rendered cold by age, and accelerates digestion; but it is less suited to nervous persons and to whom it must never be given without being well diluted with water.

EXTERNALLY.—It is a capital remedy against sprains, cuts, bruises, excoriation, burnings, fractures, any fresh wound, danger of mortification, heating of the feet, irritation of the skin after a walk.

Whenever it is possible rub hard with this liquid. A compress is saturated with it and applied on the affected part which is kept moistened by sprinkling it with this Water.

In case of wounds, after the dressing made with the Arquebusade Water, sprinkle the compress with a mixture of the Liquor and fresh water in equal parts.

It is also very advantageously used in frictions and in compresses used in headache, rheumatic and neuralgic complaints. For these last it is good to warm somewhat the liquid before being applied.

The ARQUEBUSADE WATER is of public interest, approved and recommended by the most eminent physicians of France, commends itself to all those who are anxious about their health in these countries where plague and cholera make often dreadful havoc.
